

Twinkle, Twinkle, Little Spark Crown & Star

Items Needed:

- 2, 6.5" H x 7" W (16.5 cm x 17.8cm) foam stars (same colour)
- 1 piece of 9" x 12" (22.9 cm x 30.5 cm) coloured paper cut in half length wise.
- 1 foam mirror
- stapler
- black felt
- crayons/felts to draw and colour
- foam stickers

Directions:

1. Write each girls name on 2 stars. I made the star for the crown the same colour as the second star so it was easy for the girls to identify their star.
2. Staple the 2 pieces of coloured paper together to make a band and staple the foam star to the front. (I did this prior to the meeting.)
3. Have the girls decorate their crown. Then size band around each girls head and staple to create a crown.
4. Use the second foam star to pin/staple badges and pins to that the girls are to receive the night of the enrollment. We placed these on the floor on either side of the path the girls walked up for enrollment.
